Powder eggs offer the same great taste and nutrition as fresh eggs - without the need for refrigeration! Simply mix 12.5g of powder with 37.5g of water to replace one large egg. Use them for scrambled eggs, omelette, cakes, scones, and flapjacks.

Lightweight and compact, powdered eggs are ideal for baking, travel, and small storage spaces. Available in five sizes (see options above), they come in flexible plastic packaging for easy transport and storage. If you're asking where to buy powder eggs in South Africa, we offer affordable, high-protein powdered eggs for home or business use.

Stock up on high-quality powder eggs for convenience anytime, anywhere!
